Overview

Hydrogen & Alternative Fuel Vehicles is part of the Automotive, Fleet & Transport track at Garnet Global Training Center. Fleet, workshop and transport programs for operators, dealers and public transport. The course is taught in English or Arabic as a 5-day or 10-day program, in classrooms in cities such as Dubai, Riyadh, Cairo, London and Istanbul, or live online, and it can be delivered in-house with examples and exercises built around your own operations.

What you will be able to do

- Explain the principles, terminology and standards that govern Hydrogen & Alternative Fuel Vehicles.
- Apply proven methods and tools to real situations from your own workplace.
- Analyse performance gaps, risks and root causes, and choose the right response.
- Measure results with practical indicators and report them clearly to management.
- Leave with a personal action plan you can start using the following week.
